

HEARING THE VOICES OF CHILDREN

The Teresa Group Annual Report 2023-24

MESSAGE FROM THE CHAIRMAN, BOARD OF DIRECTORS

As we look back on the year 2023, our 33 rd year of service, we cannot help but feel a deep sense of pride in the remarkable progress made by The Teresa Group (TTG) in our steadfast commitment to supporting children, youth and their families affected by HIV/AIDS. This year has been particularly transformative as we rose above previous financial hardships, implementing robust systems that have laid the groundwork for a stronger and more sustainable future.

Key Accomplishments:

- **Financial Recovery:** We successfully overcame the grave financial deficit experienced in recent years. Thanks to our generous donors and funders, we have stabilized our finances and set the foundation for growth. This support has been instrumental in enabling us to expand our services and make a tangible impact in the community.
- **Strengthening Our Team:** In our commitment to enhancing our programs and operations, we warmly welcomed a group of exceptional individuals to our team. These talented individuals brought with them invaluable expertise in finance management, program development and implementation, fund development, and overall operations. Their contributions have been instrumental in propelling our mission forward.
- **Partnerships and Collaborations:** Our commitment to cultivating relationships with partners and stakeholders has been instrumental in our success. These collaborations have not only strengthened our impact within the community but have also broadened our reach and allowed us to touch the lives of many more individuals in need of support.
- **Ongoing Commitment:** Despite various challenges, TTG has demonstrated resilience, adapting to meet the growing needs of our community.

The dedication of our exceptional board members, staff, donors, and partners has been the driving force behind our achievements. Your support remains crucial as we continue to stabilize the organization and provide support and hope to those we serve. With all our accomplishments, we still need more donors and volunteers for our Board and our programs.

We sincerely thank everyone who has contributed to TTG's journey this year. Together, we are working toward a world rooted in empathy, justice, and compassion for children, youth and their families affected by HIV/AIDS.

With profound appreciation,

A handwritten signature in black ink, appearing to read 'Dale Maitland', written over a light blue background.

Dale Maitland (He/Him)
Chairman, Board of Directors

MESSAGE FROM THE EXECUTIVE DIRECTOR

On behalf of the Staff, Volunteers, and the Board of Directors of the Teresa Group, I am thrilled and excited to present to the family of the Teresa Group, the 2023-24 Annual Report. I am very happy and humbled to report that our 34th year ended very successfully with our ability to provide community members with access to a range of practical supports through program delivery and introducing new initiatives while also ensuring the financial stability of the organization. Culture, diversity, and inclusiveness were critical markers. All of this was made possible by the support of all our donors, and government funding agencies, specifically the Public Health Agency of Canada, The Ontario Ministry of Health and Long-Term Care and the City of Toronto. It would not have been possible without your ongoing and continued support. Thank you.

I am grateful to have an excellent staff power team that I work with who have a lot of leadership and expertise and put in all the concerted effort to put the communities we serve at the forefront and a topmost priority. Their wholehearted commitment, deeply rooted in child rights and social justice is what I would like us to celebrate today. I would also like to acknowledge my deep appreciation of the Board of Directors who through their leadership have constantly and continually supported me through this journey as the Executive Director of the Teresa Group this year. You made a big difference to me.

Many of the families, primarily newcomer refugees and immigrants, associated with The Teresa Group, face ongoing challenges related to immune-compromised health, immigration, poverty, income insecurity, food security, unstable housing and the ongoing stigma and discrimination associated with living with HIV. These factors can negatively impact a child or a youth's sense of well-being as well as their current and future mental health, self confidence, self esteem and engagement. The generous support from all our donors, funders and community partners allowed the Teresa Group to implement programs that made a positive difference in the lives of children, youth, and their families affected by HIV/AIDS, whom we serve. The Teresa Group has been a witness to positive change and exponential growth this last year.

The winter holiday festive programs including the Get Ready for Winter Holiday Program, The Family Food Hamper Holiday Program, the Childrens Holiday Toy Program and the Youth Gift Card program were very well received by the communities we serve. The provincial Infant Formula Program was accessed at full capacity which was very promising. The Welcome Home Baby Bag and Diaper program were very beneficial to our mothers with newborns. The Back-to-School Backpack program brought a smile to a lot of parents and their children. Youth beginning their educational journey received the Clarins educational Scholarships.

Our annual Camp Mandala included 40 campers, camp counsellors and staff who came together for a week of special and exciting activities at Moorelands Camp. Camp Mandala provided children and youth living with or affected by HIV an opportunity to connect and engage with their peers and gain life learning skills, access mental health support and tools to live and deal with their unique and complex challenges.

I would like to conclude by saying that we are very deeply committed in our vision, mission, and values to be advocates at the forefront promoting child and youth rights, focusing on the critical needs of children, youth and their families impacted by HIV/AIDS from a social justice lens while ensuring access to all resources for the communities we serve in an equitable and inclusive way. We are here to also ensure that children and youth affected by HIV/AIDS feel safe and are in an environment free of stigma and discrimination. It continues to be my privilege to be able to lead this agency with the strong support of a very committed board of directors, and a dedicated team of very reliable colleagues and volunteers. I am excited for what is in store for us moving into our 35th year and look forward to an amazing and engaging year ahead at the Teresa Group.

Rajesh Pisharody
Rajesh Pisharody (He/Him)
Executive Director

“

MISSION:

The Teresa Group advances the dignity and well-being of children, youth and their families affected by HIV and AIDS.

”

VALUE STATEMENT

The Teresa Group values and respects the Ontario Human Rights Codes (1981) that prevent discrimination on the basis of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, age, marital status, family status or disability. We express this by acknowledging and informing ourselves of the history of discrimination (at individual and institutional levels) and its harmful effects, in all forms, on individuals and communities and by becoming sensitized to and addressing the ways individuals and organizational behaviours or actions may be experienced or interpreted as discriminatory by individuals we work with and serve, individuals within agencies/organizations/communities.

The Teresa Group, through its Board of Directors, Executive Director, employees and volunteers, values and respects the dignity and integrity of each child, woman, man whose needs brings them to the Teresa Group. We express this through respectful interpersonal relationships and our commitment to ensure the programs and services offered are of high quality with a concern for emotional, physical, socioeconomic, and spiritual well-being of individual family members and family as a unit.

The Teresa Group values and respects one another in our various capacities as volunteers, staff and Board members, for who we are as individuals and for what we contribute personally and collectively to the work of the Teresa Group. We show this by the quality of our interpersonal relationships, cooperation in a common endeavor and concern for the emotional, physical, social and spiritual wellbeing of one another.

The Teresa Group values and respects the work of other agencies, groups and individuals in their advocacy and support for families living with HIV and AIDS and where possible we express this through cooperation and collaboration.

The Teresa Group values and respects the public and private material contributions we receive and we express this by our careful stewardship of those resources, employment practices that balance the needs and interests of employees and funders, the careful and responsible design, administration and delivery of programs and services and the distribution of these services to families in a manner that is non-discriminatory and balances between fairness and equality to all families and to the special needs of individual families or family members.

STRATEGIC DIRECTIONS

Strategic Direction #1

Position the Teresa Group as a leader on issues related to children and families affected by HIV and AIDS.

Strategic Direction #2

Provide targeted unique, and high-quality programs and services.

Strategic Direction #3

Enhance and strengthen everything we do through strategic partnerships.

OUR PROGRAMS

Living with or being affected by HIV and AIDS in the family can be a very difficult experience for children and their families. The Teresa Group programs and services strives to offer multiple options of support accessing practical and psycho-social supports. Support is accessible to children, youth, and their families of all ages and at all stages of the child's development from pre-natal supports for pregnant women, all the way through childhood, adolescence until young adulthood.

NEWCOMER WOMEN'S SERVICES TORONTO

The POWER Project

The Positive Women's Empowerment & Resilience Project formerly known as "Circle of Care" is a collaboration agreement between five organizations. This agreement outlines the five partners' objectives, organizational commitments, and structures of oversight and operational decision-making. These five partners include The Black Coalition for AIDS Prevention ("Black CAP"), Toronto People with AIDS Foundation PWA, The Teresa Group, Prisoners with HIV/AIDS Support Action Network (PASAN), and AIDS Committee of Toronto (ACT).

In partnership with SickKids Hospital the Teresa Group runs psycho-educational groups to help children at different ages come to terms with and understand their HIV diagnoses, help them form peer support, and assist with issues related to transitioning to adult care as they reach the age of 18.

In collaboration with the Children's Hospital of Eastern Ontario (CHEO), the Teresa Group administers the distribution of Infant Formula to HIV-positive mothers in Ottawa.
